

Greetings,

If you need assistance, you can contact us via phone or email. To better assist you, we will need some information to locate your profile in DTS. Please provide your first/last name and the last four of your SSN. We will also need the TA Number (if applicable) attached to your document and a brief detailed explanation regarding your DTS issue. Three common DTS issues include: Marines requesting permissions for certain DTS billets, DTS generated emails and login errors. Immediate action to correct these issues is to contact your local S-1 for assistance. If your S-1 is unable to assist you, please feel free to contact I MEF DTS Help Desk at 760-763-7152 or via email at I_MEF_DTS_Help_Desk@usmc.mil. You will receive a response within the same two business days.

Thank you and have a great day!
